

# Nez Perce

## Soil and Water Conservation District

PO Box 131-Culdesac, Idaho 83524 Phone: 208.843.2931

December 9, 2010

### Memorandum

**To:** Nez Perce SWCD Board

**From:** Lynn Rasmussen

**Subject:** Wetland Mitigation Project Update

### Background

The District installed approximately 3 acres of wetlands at two sites in 2007. The project was funded by the Idaho Transportation Department.

### Activities

Two site reviews were completed the fall of 2010 by Idaho Department of Transportation and the Army Corps of Engineers. The sites received an excellent rating and were accepted to meet the wetland mitigation requirements.

Activities for 2011 include weed control, additional plug plantings, and repair of spillway damaged by wildlife activity.

Nikki Lane will present the project accomplishments for 2010.

### Budget

FY11 Budget =	\$2010.89
FY11 1 <sup>st</sup> and 2 <sup>nd</sup> Quarter Expenditures =	\$265.04
FY11 Budget Remaining =	\$1,745.85
% of Budget Remaining =	87%

Tasks on Schedule = Yes

Is budget remaining adequate to complete remainder of tasks = Yes

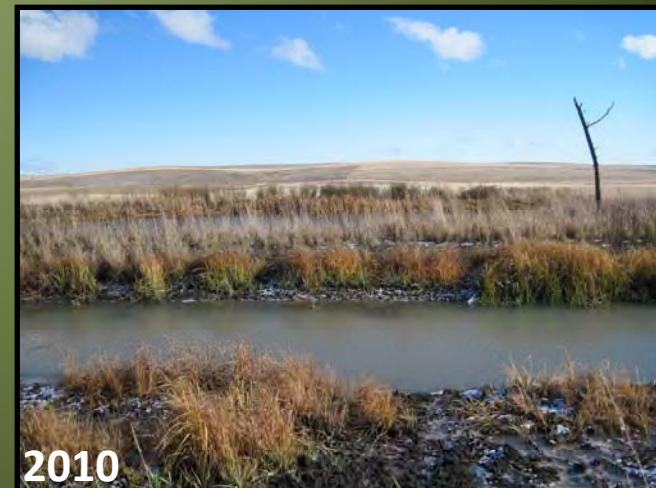

# Wetlands

- ◆ There were two wetlands installed in 2007 totaling 3 acres.
- ◆ They have one year left of maintenance.
- ◆ The landowners have done a great job on maintaining them since installed.
- ◆ The Core and IDT have been to each site to do a review.
